I/We hereby declare the following:

1. That I/We, the above-named author(s) are the original author(s) of the above-mentioned literary work, and declare that the Publisher(s) herein is our legal representative to publish the work.
2. That the information declared above, including Institution and Designation, is accurate.
3. That the above article is not published in part or whole (except in the form of abstract) in any journal or magazine for private or public circulation.
4. I/We give consent for publication in the above said journal in any media (print, electronic, or any other), and assign copyright to the above said journal in the event of its publication in the same.
5. This copyright transfer includes the exclusive right to reproduce and distribute the article, including reprints, translations, photographic reproductions, microform, electronic form (offline, online) or any other reproductions of similar nature.
6. The work described in the manuscript is my/our own and my/our individual contribution to this work is significant enough to qualify authorship.

7. I/We affirm that the manuscript does not violate the intellectual property rights of any third party. I/We agree to indemnify and hold harmless the above said journal in respect of any claim on account of violation of intellectual property rights.

8. I/We disclose any potential conflicts of interest that may be perceived as influencing the research or its interpretation. This includes financial, personal, or professional relationships with entities or individuals that could be considered inappropriately influential or that could bias the work. If there are no conflicts of interest, it is acknowledged explicitly in writing:

<<Here the author should declare conflict of interest, if any. **If there is no conflict of interest, please write “I have no conflicts of interest to disclose.” below**>>

9. I/We affirm that the research presented in the manuscript adheres to the highest ethical standards. This includes compliance with applicable laws and regulations, obtaining necessary approvals from ethical review boards where applicable, and conducting research in an ethical manner. Any experimentation involving human or animal subjects has been carried out with appropriate permissions. If the manuscript includes data obtained through interviews, surveys, or any other form of direct interaction with human subjects, I/We confirm that appropriate informed consent was obtained from participants. This includes information about the nature, purpose, and potential use of their contributions to the research. The consent process also assured participants of their right to withdraw from the study at any point without consequence. Any personal information collected during interviews or surveys will be treated with confidentiality and will not be disclosed without explicit permission, except as required by law or ethical guidelines.
